## DISCIPLINARY ALTERNATIVE EDUCATION PROGRAM (DAEP)

### INTRODUCTION TO DAEP

Students who are in violation of the district's **Student Code of Conduct** are sent to DAEP as an option in the disciplinary process. Placements in this program are from any of the district's secondary campuses.

### Student Orientation

A parent **must** accompany the student to school on his/her first day of enrollment to DAEP. Students will **not** be enrolled without a parent or guardian. Orientations are scheduled on Tuesdays and Thursdays at 8:30 a.m. Students and parents showing up after 8:35 a.m. will be asked to return on the following Tuesday or Thursday at 8:30 a.m.

### Location

DAEP is located at 601 E. Eighth Street. Parents/visitors should park in the lot on the East side of the entrance.

### School Day - STUDENTS SHOULD ARRIVE BY 8:30 a.m. everyday

1. The DAEP school day is from 9:00 a.m. until 4:00 p.m.
2. Students should arrive by 8:30 a.m. for check-in procedures.
3. Students must be checked in and seated in their assigned seats by the appropriate start time.
4. Students **will not** be accepted after 9:00 a.m.

## **Objectives**

- 1. The Disciplinary Alternative Education Program (DAEP) has been developed to provide campus administrators with an option of disciplining students who have chosen to violate the Student Code of Conduct.**
- 2. The short-term goals of the program include the following:**
  - a. To provide an alternative to expulsion.**
  - b. To provide an educational environment for students who have committed persistent or serious violations of the student code of conduct.**
  - c. To meet the academic needs of students assigned.**
  - d. To provide individual and group counseling.**
  - e. To help students in having better attitudes, more positive thinking, and more productive and effective experiences.**

**DAEP operates an active process to teach every student the skills needed to be successful in the regular academic setting. If a student comes to school and follows the program, he/she will not fall behind in the academic subjects.**

**Our goal is to teach students how to become more effective academically and socially, including developing better attitudes and making more responsible choices.**

## **Disciplinary Alternative Education Programs (DAEP)**

**A student shall be removed from class and placed in a disciplinary alternative education program (DAEP) if the student engages in conduct punishable as a felony or commits a serious offense on school property or while attending a school-sponsored or school-related activity on or off school property.**

- 1. Each school district shall provide a disciplinary alternative education (DAEP) program that:**
  - a. Is provided in a setting other than a student's regular classroom.**
  - b. Is located on or off a regular school campus.**
  - c. Provides for the students who are assigned to the alternative education program to be separated from students who are not assigned to the program.**
  - d. Includes English language arts, mathematics, science, and history.**
  - e. Focuses on self-discipline.**
  - f. Provides for student's educational and behavioral needs.**
  - g. Provides supervision and counseling.**

2. A disciplinary alternative educational program (DAEP) may provide for a student's transfer to the following:
  - a. A different campus, or
  - b. A school-community guidance center, or
  - c. A community-based alternative school
3. Each school district shall cooperate with government agencies and community organizations that provide services in the district to students placed in an alternative education program.
4. A program of educational and support services may be provided to a student and to the student's parent(s) when the offense involves drugs or alcohol as specified under Section 37.006 or 37.007.
5. A student removed to a disciplinary alternative education program (DAEP) is prohibited from attending or participating in school-sponsored and/or school-related activities.

## **Academic Requirements**

1. Students are assigned to a carrel or desk.
2. Certified staff circulates the room during the school day.
3. When a student is assigned to DAEP, his/her teachers are notified and they are asked to send one week of assignments at a time.
4. When a student completes an assignment it is returned by office mail to the student's home campus. Then the home campus teacher provides another week's assignment.
5. A teacher **will not** send additional assignments until the student has completed the initial assignments sent.
6. It takes one to two days for the work to arrive via the inter-office mail system.
7. A student is expected to finish one assignment per class per day.
8. When a student is absent, he/she has three days to make up the assignments.
9. **The campus teacher is the TEACHER OF RECORD.**

## **Length of Assignment**

The length of assignment will be a minimum of fifteen days. DPISD will honor DAEP placements and the length of assignments for students moving in from outside the district.

# ATTENDANCE

## Attendance

Poor attendance has proven to be a definite cause for failure in school. It is the responsibility of the parent to encourage regular and punctual attendance of each student. When a student is absent, it is the parent/guardian's responsibility to contact DAEP personnel at (832) 668-7407 and transportation at (832) 668-7480. The student must bring a note from a parent/guardian upon returning to school. Until a note is received, the absence is recorded as unverified.

The absence note should include the following information:

1. Full name of the student
2. Home campus of the student
3. Date(s) of absence
4. Reason for absence
5. Parent name and contact number
6. Parent signature

## Truancy/Tardiness

Regular attendance rules apply to DAEP. Parents are contacted each day a student is not in attendance. If a student is absent, he/she is required to notify the DAEP and transportation the day of the absence. Also, the student must bring a parent note upon his/her return to school. Failure to bring a note results in a recorded unverified absence. If a student is found to be truant from school, a parent will be notified and charges may be filed with the court.

**Days may be added to a student's assignment for each day of truancy.**

# TRANSPORTATION

## Bus Transportation

Bus safety is our first concern; therefore, a student who is transported in a school vehicle is required to comply with the student code of conduct. Video cameras are operating on DPISD buses during the school year.

4. An ARD will be called for Special Education students with chronic/severe behavioral problems on the bus.
5. Students will be picked up and returned to a designated site determined by the Transportation Department.
6. Students will be given a bus pass on the day of their intake. They will be transported home that day, and the bus driver will give them an approximate time to be picked up in the morning. Students need to be at the designated stop ten minutes before the expected time of bus arrival.
7. If a student is not going to ride the bus that day, parent(s)/guardian(s) must contact transportation at (832) 668-7480 well in advance of the arranged time.
8. If a student is absent for three consecutive days, the bus will not go to the designated stop. A parent/guardian must bring the student to the DAEP campus on the morning of the student's return to reinstate bus transportation.

## Student Cars

Driving is considered a privilege while assigned to DAEP. Students must show a valid driver's license, proof of insurance and a registered campus parking permit. Students must be at school by 8:30 a.m. and in their assigned seats by 9:00 a.m. Students who violate this policy may lose their driving privilege.
