ELA Benchmark I – November 2006

Out of 48 objective questions, I answered _____ correctly giving me a score of _____ on these portions of the test. Attached, you will find my corrections for the questions that I missed using the following format:

Question missed + Correct answer + Concept Tested + Rationale

LIKE THIS:

*I missed question 3. The correct answer was A but I chose C. The tested concept was the rule about semi-colons. I used a comma to connect the two sentences, which makes it a run-on.

DO NOT ANSWER LIKE THIS:

*I missed question 3 because I didn't know it! (If you answer like this you'll have to do the assignment all over again! So, don't.)

With my group, I graded my short answer responses.

	Person 1	Person 2	Person 3	Mrs. Becker	Average Grade
Question 29					
Question 30					
Question 31					

What do I need to do to improve my short answer responses?

My TAKS score would have been –

Raw Objective Score (how many m/c did I answer correctly) _____

Short answer score – (29, 30, 31 added together) _____

Essay score – (score times 4) _____

Total

TAKS Passing Rate – Total Score of 39 with at least a 2 on the Writing Sample – Pass
Total Score of 62 with at least a 3 on the Writing Sample - Commended
